

# NEW INNOVATIVE COMFORT PADS

for shoes, skates, helmets & more!

## Create an Instant Comfort Fit for any Type of Sports Equipment

Improperly fitting and worn equipment is a problem in almost every sport and at every level - from amateurs to pros. It is impossible to perform your best:

- With foot pain from your shoes or skates
- When your helmet slips over your eyes
- When a rough spot in your glove makes shooting or catching painful
- When worn pads or braces rub directly on tender skin

**Custom Comfort Pads** can instantly create a "custom comfort fit" that relieves pain and discomfort.

## Designed to be Tough

This professional-grade product was originally designed to be tough enough to handle abuse by hockey players who can break anything - in skates, helmets and gloves.

**Custom Comfort Pads** feature an industrial strength adhesive, sturdy Latex-free closed cell foam and a unique top layer that **wicks away moisture**. Hockey players and other sports enthusiasts love it!

## Not Just for Hockey

These soft durable pads can be used anywhere there's a need to ease a pain, fill a gap, or snug-up a fit.

**\* Do Not Apply Adhesive Directly to any Wound or Skin Break.**

They are the ideal solution to replace any make-shift item active people typically use, in any kind of shoe or sports equipment including:

- Band-aids
- "Mole skin"
- Carpet padding
- Cosmetic sponges

Easy to use, the pads can be cut to any size or shape with scissors. Just "peel & stick" to secure inside of accessory in seconds.

Once in place, this innovative pad system quickly "compresses and conforms" to alleviate pain and discomfort to the foot, head, hand, fingers and other areas. It's ideal for calluses\*, bunions and hammer toes too!

## Use Custom Comfort Pads to:

- FINE TUNE the fit of NEW equipment
- CUSTOM FIT used equipment to your specific need
- REFURBISH your old equipment - Make it fit & perform like NEW
